Premature Ejaculation: The Ultimate Guide on How to ...

Premature ejaculation is when a man climaxes within one minute of sexual intercourse or other ways of stimulating the penis. Premature ejaculation affects more men than you probably think, but while for some men, premature ejaculation happens very rarely and does not generally affect the quality of their sex life, other men report their sex lives and relationship with the partner deteriorating from the condition.

Treatment Solutions in 2020

If premature ejaculation occurs once in a while for no apparent reason, it is possible to increase sexual stamina using special techniques that increase the duration of sexual intercourse. One of these techniques is described in the book Ejaculation Trainer. You'll be surprised how quickly and easily you can cure premature ejaculation at home with the method from the author Matt Gorden.
